Heartless Conduct of Autoist Who Killed Little Boy at Play. The police at Mattawan, N. Y., ar hunting for some clue to the identity of an automobilist whom they charge with killing the 3-year-old son of George Verdi, a well-to-do farmer. The child was playing by the roadside when the automobile whizzed by A projecting bolt caught his clothes and he was dragged beneath the wheels, which passed over his body, killing him instantly. According to the police, the driver

stopped his car, picked up the baby's body and threw it over a low fence into a lawn beside the road. Persons in a cross street, too far away to identify the automobilist, saw him stop his machine, pick something from the road and toss it aside. They thought it was a trifling obstruction of some kind and paid no particular attention. A few moments later the baby's body was found on the lawn.
